BURGLARS STILL AT WORK.

ARE FLYING THEIR CALLING IN LITCHFIELD COUNTY.

Store of S. F. Seeley at Washington entered, Safe Blown Open and Cash Taken—Another Place Visited—Some Checks Taken by the Goshen Burglars Recovered. Washington Depot, April 30.—The general store owned by S. F. Seeley, on the main street of the village, was entered by burglars early this morning, the safe blown open and \$127 in cash taken. The robbery was not discovered until 7 o'clock, when Mr. Seeley went to open the store as usual. The front door was slightly open and showed marks of having been forced with a chisel or "jimmy." On entering the store it was seen that the safe was practically demolished. Two holes, each about half an inch in diameter, had been drilled in the safe, one in the door above the combination and the other on top of the frame.

These had been charged with dynamite and exploded. The door was completely torn from its hinges while the safe proper was cracked and splintered from the force of the explosion. The papers in the safe had been looked over, but none was taken. Many of them were so blackened by the powder as to be unreadable. On the floor near the safe was found a chisel, a bit and brace and sledge hammer, which had been taken from the blacksmith shop of Henry W. Woodruff, near by. The bit corresponded with the holes in the safe. There is no clue to the thieves. Several persons who live in the neighborhood say they heard a noise resembling an explosion about 2 o'clock this morning, which is supposed to have been the report of the dynamite used by the burglars. Detectives are investigating the premises.

After leaving Seeley's store the men went to the town hall and forcing open the basement door, gained access to the building. They drilled and blew open the safe, but succeeded in finding nothing of value. There were only probate papers in the safe. No clue was left here.

The authorities are strongly of the opinion that these burglars are the same gang that entered the post office at Goshen Sunday night and are supposed to be members of the state burglary gang. The work was evidently that of an expert cracksmen.

Litchfield, April 30.—A. C. Cremer, who lives a half mile east of Goshen, on the turnpike, this morning found the strong box taken from the Goshen post office Sunday night or Monday morning by burglars. It was lying on the ground by the roadside and had been broken open and its contents ransacked. Beside the box were checks and paper worth \$500 belonging to the town. These checks reduce the loss to about \$1,300. They have been returned to Town Treasurer Porter. No clues have been found.

INJUNCTION DISSOLVED.

Electric Cars May Now Run Beyond Hamden Plains Church.

The injunction recently secured by Corporation Counsel Ely and a number of others restraining the New Haven and Centerville Railroad company from extending its tracks to the Hamden Plains church has been dissolved and the company will now, it is said, extend its line half a mile beyond the church.

Crutch Knocked From Under Him.

While E. F. Washburn, the Church street druggist, was getting into his carriage in front of his store about 9:30 last evening, someone inadvertently knocked one of his crutches from under his arm, and Mr. Washburn fell backward, striking the back of his head on the pavement. His head was badly cut and he was taken home after having his wounds bandaged. His injuries are not serious.

Broke His Arm in a Runaway.

While Robert J. Robinson, a West Haven butcher, was driving along Kimberly avenue yesterday afternoon, his horse ran away and the wagon having collided with a laundry wagon, Mr. Robinson was thrown out. His arm was broken and he was taken to a physician, who attended to his injuries, after which he was taken home.

Died at Springside Home.

William Hall, formerly a collector for the Hancock Insurance company, suddenly expired from heart failure yesterday afternoon at Springside Home. Hall lived at 31 Court street until a month ago, when he became ill and was taken to Springside Home. He was sixty years old and leaves a son in Coventry and relatives in Hartford.
